

# DATA SHEET EMERGENCY EGRESS BRONZE RETRACT BUTTON

PRODUCT CODE: 29186

VERSION: Issue B – Mar 2019

# EMERGENCY EGRESS BRONZE RETRACT BUTTON

## PRODUCT DESCRIPTION

The Emergency Egress Bronze Retract Button is an optional momentary-action switch that can be used with the Variospeed®6 ERU (Emergency Retract Unit) system.

The Emergency Egress Bronze Retract Button provides Emergency Egress to an already deployed Fire Curtain. The press-once action of the Emergency Egress Retract Button signals the Fire Curtain to retract to its fully open position for a period of time before re-deploying.

The Emergency Egress Bronze Retract Button has an Antique Bronze finish and can be flush or surface mounted (back box minimum depth of 35mm, by others).

### Please note:

**Wording shown on the graphic is for example purposes only. Coopers Fire will not provide the wording on the assembly. See BS 8524-2:2013 for guidance.**

## SPECIFICATION

### Voltage Rating:

250V AC, 50Hz
